# My Stories – an interactive experience for young people

Co-designed with young people (12-18+yrs) who may not usually visit museums

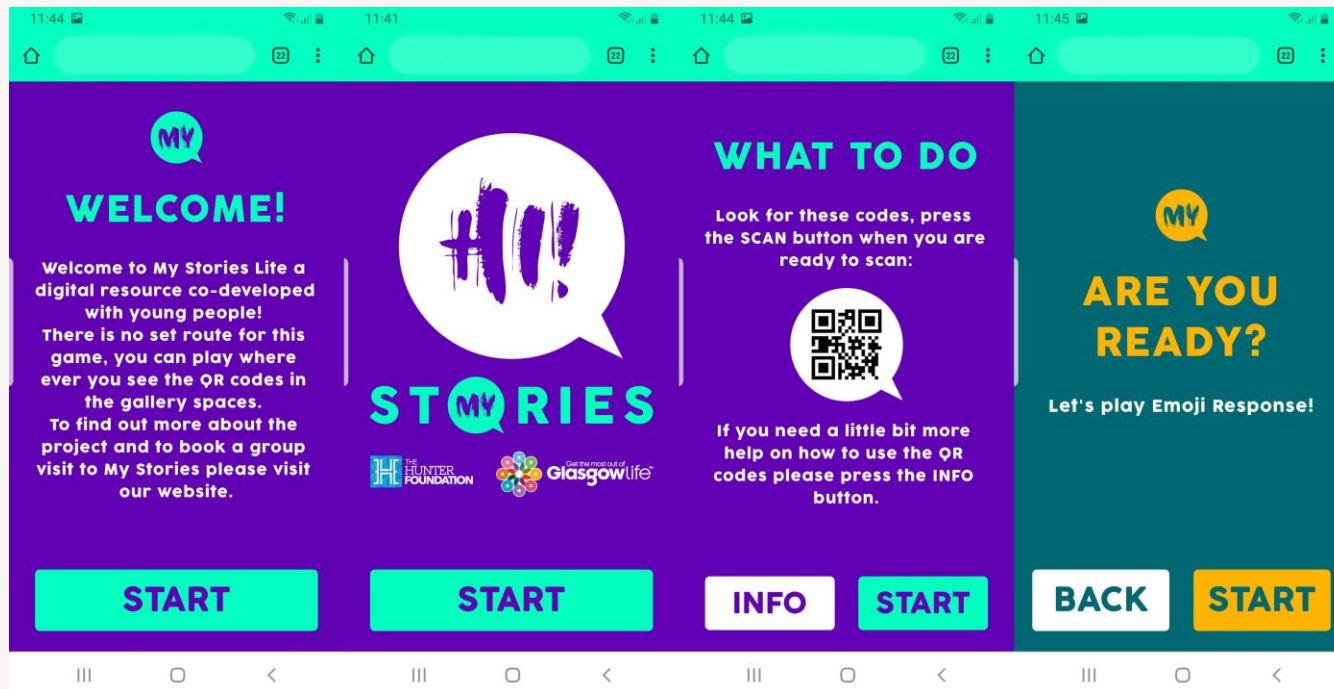

*“At its core, My Stories acts as a catalyst for future opportunities for young people to become more connected to culture. The structure of My Stories allows young people to completely personalise their experience at the museum, and crucially makes us feel like we belong.”* Teenage participant

# My Stories – Explore : Engage : Enjoy your own way

Using a tablet guide, explore the museum and take part in tasks, games, challenges

Then - discuss the experience and skills used

# Thank You

Jane.Rowlands@glasgowlife.org.uk
