1 Introduction

- 1.1 The Hong Kong Arts Development Council (hereinafter, "HKADC") was founded in June 1995. It is the only statutory organisation set up by the government responsible for the overall development of the arts in Hong Kong. Members of HKADC include representatives from the arts community and community members who are enthusiastic about arts development.
- 1.2 The principal role of HKADC is to plan, promote and support arts development (including literary, performing, visual as well as film and media arts) in Hong Kong. It also aims to advocate arts education, encourage creativity, promote arts appreciation and enhance quality of life in the community.
- 1.3 The Council, with up to 27 members, plans and manages the operation of HKADC. HKADC strives for closer ties with strategic partners and an all-round strategy with an aim to shape the broad direction for Hong Kong arts development.
- 1.4 The aim of HKADC grants is to support the development of the arts in Hong Kong, to foster public understanding and appreciation of cultural diversity in Hong Kong, and to support an environment which emphasises artistic diversity and freedom of artistic expression.
- 1.5 The submission of an application to HKADC construes that the applicant accepts that the award of grant is solely discretionary by HKADC and the decision of HKADC is final.

2 Purpose, Scope, Assessment Guidelines and Grant Period

Purpose

- 2.1 To support individual artists or arts organisations in the participation or organisation of non-profit making activities that contribute directly to the promotion and development of the arts in Hong Kong.

Scope of Grant

- 2.2 Arts activities which meet the objectives of HKADC (see '1 Introduction') can submit a grant application to HKADC. Project types may include: performance, exhibition, publication, educational activity, community / promotional project, creation of artwork, research / archiving, arts criticism, training, conference / seminar / talk, cultural exchange, video/ film production, etc.

2.3 Activities listed below **do not** fall within the scope of support:

- i. **Profit-making activities**, such as commercial activities or training classes, that equate to any project which has total projected income, including sponsorship or other sources of support, exceeding its total projected expenditure. Such projects will not be considered.
- ii. Activities that are **not open to the public**, such as networking activities, courses and training activities not opened to the public.
- iii. Activities that are **presented / sponsored by the Leisure and Cultural Services Department (LCSD)**. This refers to an activity for which the LCSD provides the arts group with a fee and the performance venue without charge, and may / may not take the box office income.
- iv. To avoid **double subsidy**, any project which is within the funding ambit of the applicant's parent organisation or other grant organisations will not be considered. Hence, HKADC does not accept applications submitted by universities that are directly related to their formal curricula. Due to resource constraints, priority will not be given to applications from tertiary institutions.
- v. **Fund-raising activities** and activities presented by foundations established for fundraising purposes.
- vi. **For social welfare and charity projects**, HKADC suggests applicants seek financial support from other charitable groups and voluntary organisations.

Assessment of the nature of the activities and decision on processing the application is at HKADC's sole and final discretion.

2.4 Unless under special circumstances, the applicant must be the presenter / co-presenter of the project.

Assessment Guidelines

2.5 The Council will assess Project Grant applications based on the relevant **art form and grant's Project Grant Assessment Guidelines**. Please refer to the relevant Assessment Guidelines when completing the application form.

2.6 HKADC has full discretion to decide, based on the contents of the application, the specific art form *Assessment Guidelines* to be used in assessing the application.
